

MELTING AMSTERDAM

Our capital Amsterdam has a rich history and has been a cultural melting pot for many centuries. As a result, the city has its own identity with freedom and individuality being its main traits. This is also true of the new collection designed by Pieter Adam™. The copper-tinted chandeliers of the Golden Age were a source of inspiration for this unique line of lighting fixtures. Tradition and craftsmanship are applied in a contemporary way bringing the past, present and future together. Materials such as gold, silver, Murano glass, silk and brass casted in sand are used for their superior quality. The Dutch design of Pieter Adam™ supplies the originality.
