

Rhythm Vertical

Design by Arik Levy.

Evoking the mood of Zen minimalism, Rhythm features slender light modules of varying lengths, each fitted with an LED module, that can be arranged in endless configurations. Fluid and flowing or angular and anarchic, Rhythm represents the ultimate in customised lighting.

Evoking the mood of Zen minimalism, Rhythm Vertical features a series of slender light modules of varying lengths, each fitted with an LED module. A luminous light sculpture suspended in space, the pendant's unique rotation system allows the light sticks to move along the axis and be positioned in any direction, providing ambient downlighting or uplighting.
