

INTERIOR DESIGN BY MARC PRIDMORE DESIGNS

PERSPECTIVES

Perspectives is inspired by the geometric interplay of angular forms, whose beauty is the phenomenon of perspective. In the spirit of the modernist movement in architecture, the rectilinear forms seem to float. As one moves around the pieces, the ever-changing spatial relationships fascinate the eye. Sculptural and structural, the lighting forms are a strong visual focal point. A patinated golden bronze finish with shades of multi-tonal gold organza add a subtly varied and uniquely layered pattern of light in a room. Also available in warm muted silver leaf finish with shades of multi-tonal white crepe.
