AGGIOLIGHT

OZ

design Arch. Alessandro Mognato
2017

Minimalist design inspires OZ collection, enhancing the pure materials. Soft shape of the handblown glass sphere contrasts with the geometric shapes of the metal, available in 3 different options: satin rose gold, satin brass or satin stainless steel. The glass diffuser is an empty shape, handworked obtaining a crossover of lines and enhanced by the hidden in the metal housing, LED source. The LED, generating an amazing blade of light, diffusing through glass shape, is available in a wide selection of colors, 2550°K, 3000°K, 4000°K, 6200°K or Dynamic White 2550-6200°K with optional DALI dimmable controller. OZ can be customized, obtaining clusters and compositions.

C17AL-0001-Do1Roo - Single module

L. 20 CM • H. 36 • P. 28,5 CM • Max drop 200 CM

15W LED per module • 1000 lm

Customization: light / light control / finishing / dimension

C17AL-0001-Do1Roo - Triple module

L. 20 CM • H. 156 • P. 28,5 CM • Max drop 200 CM

15W LED per module x 3 modules = 45W total • 3000 lm

Customization: light / light control / finishing / dimension
