AGGIOLIGHT

Libellula

design Arch. Alessandro Mognato
2016

The Libellula is a technical exercise created with the target to show that Aggiolight, more than craft manufacturing high end decorative lighting masterpieces, has a deep experience also with lighting technology solutions. Housing is composed by stainless steel and aluminum, with acrylic diffusers. Any galvanic or powder coating finish can be applied to the metal parts. The standard version is proposed in matt black nickel. A VS or Tridonic or ELT DALI or 0-10V dimmable driver is included on board, in the mainframe. The LED, is available in a wide selection of colors, 3000°K, 4000°K, 5700°K or can be custom made in a Dynamic White 2500-5000°K version with Eldoled DALI driver on board^(*). Libellula can be customized, obtaining clusters and compositions.

9070-4S-O Hanging lamp

L. 40 CM • H. 20 CM • P. 70 CM • Max drop 200 CM

4 x LED 8,8W 700mA – 3000°K – 4000°K – 5700°K – 2500/5000°K Dynamic White^(*) – DALI dimmable driver included – eBLUE Bluetooth + Casambi App for iOS and Android available optional.

Customization: light / light control / finishing / dimension / cluster
