

7093

Design by de Majo Heritage

Perfect accent piece for luxury.

7093 is a highly ornate chandelier handcrafted in Murano. Featuring 24k gold leaf trim and flowers, this piece is the perfect accent for an elegant and luxurious interior. Clear glass cups act as lampshades, allowing the light to travel through "rigadin" arms, creating a glowing effect throughout. This piece comes in several different configurations, and is highly customisable.
