

Halo

Design by Martín Azúa.

A seamless merging of light and matter, Halo lends the effect of light floating in air. Powered by LED bulbs that remain invisible within their opalized, linear and spherical moulds, the light flows freely from its source.

A seamless merging of light and matter, Halo lends the effect of light floating in air. Powered by LED bulbs that remain invisible within their opalized, translucent moulds, the light flows freely from its source. The pendant is secured to the ceiling by inconspicuous cords, evoking the look of artful mobiles floating in space creating a subtle sense of movement. Providing a glare-free, ambient glow, it can be customised at any height, angle, and configuration.

● 03 White (RAL 9016)

Diffuser: PMMA.

Canopy: Steel.

LED support: Aluminum

Ref. 2330, 2331, 2332, 2333.
LED 3000 K. CRI>80. 90,7 lm/W.

Ref. 2340, 2341, 2342, 2343.
LED 3000 K. CRI>80. 83,9 lm/W.

Dimming: 1-10V.

Surface mounted.

Personalization options available

- Configuration layout at vibia.com

- Dimming: DALI, Casambi
