

# Halo Jewel

Design by Martín Azúa.

Subtle light floating in the air and delicately  
suspended by a perfectly crafted steel structure.  
Light and matter in one.

Bringing together light and matter through the ingenious and invisible use of LED technology which lends the collection an ethereal and minimalist quality. Halo provides a glare-free and ambient glow. The pendant is secured to the ceiling by a gold or black steel structure.

- 11 Black (NCS S 8500-N)
- 20 Gold (Gold)

Canopy: Steel.  
Pendant structure: Steel.  
Diffuser: Methacrylate.  
LED support: Aluminum.

LED 3000 K. CRI >80. 98,8 lm/W.
