

TOTEM  
C O L L E C T I O N

It was in the 60's that Ettore Sottsass presented, in Milan,  
21 totemic ceramic works that have marked and influenced  
product design to this days

Just like Sottsass, our designers decided to walk around  
our warehouses playing with shapes, colours and textures,  
bringing this new collection to daylight.

Even with a fun side, the Totem collection has the touch of  
elegance that considerably defines our work.  
It'll surely be a highlight in your space!
