

Ghost

Design by Arik Levy.

A study in contrasts, the Ghost collection embodies both spirit and materiality, discretion and presence. A contemporary reimagining of the grand lights that once graced entryways and living areas, its sensuous form radiates a welcoming, luminous sensibility.

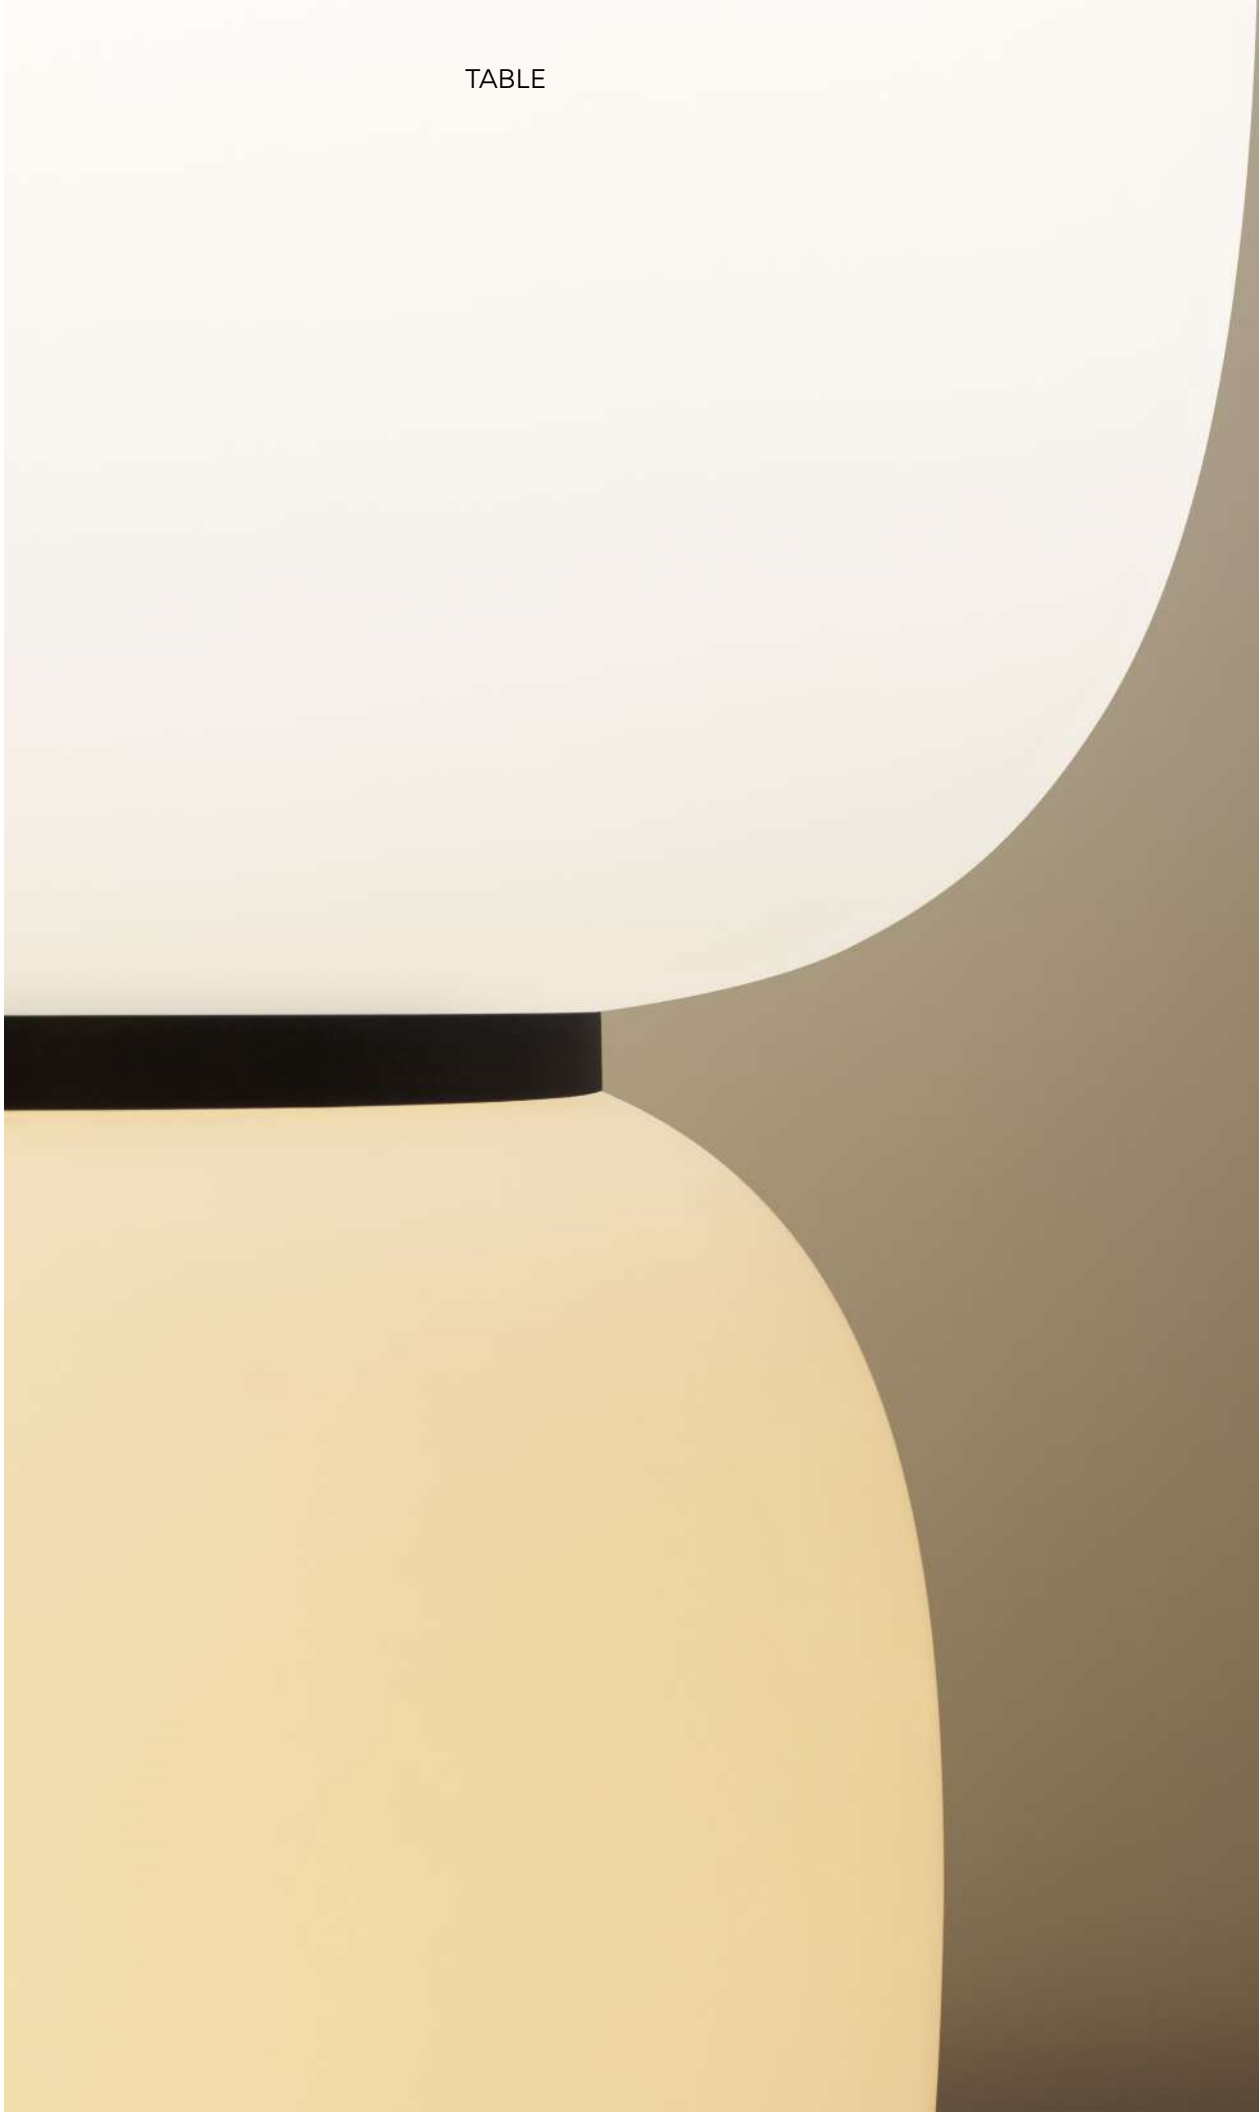

The Ghost table light uses a white diffuser but it comes with two colored diffusers -one amber and one burgundy - that can be placed in the lower piece of glass. With these diffusers, it creates an overall ochre or reddish light effect.

True to its namesake, Ghost evokes an ethereal presence that assumes its full effect when illuminated. A stacked silhouette of bulbous shapes is gracefully balanced, its generous form exuding a grounded, welcoming spirit. The black band encircling its midsection enhances the life-like feel. Serving as a touch dimmer for the push version, it evokes the sensuous curves of a person belted waist while offering wellbeing lighting atmospheres. Crafted of meticulously mouthblown opal triplex glass, Ghost's rich, smooth material generates a warm, ambient glow. Lower diffusers in a choice of white, burgundy and amber illuminate the tulip-like shapes for mix-and-match lighting effects.

● 11 Black (NCS S 8500-N)

Diffuser: Opal Glass.
Metal parts: Aluminum.

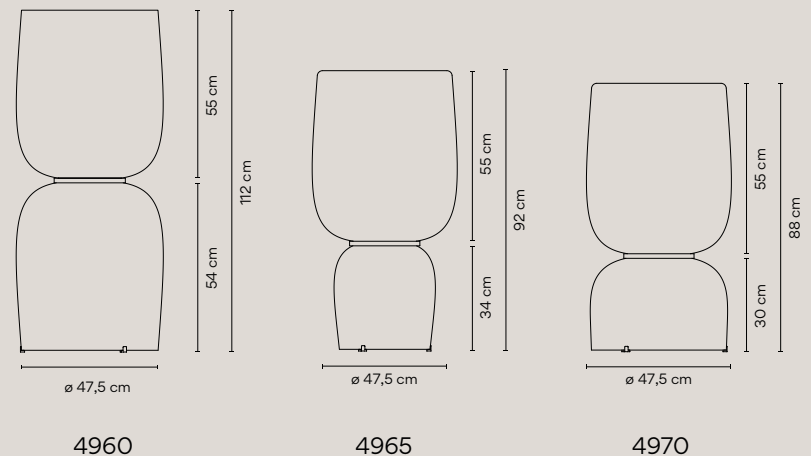

LED 2700 K. CRI>90. 137 lm/W.
/11 Dimming: DALI
/15 Dimming: Push
On-off & dimming (middle black frame).

Personalisation options available

- LED 4000 K
 - Dimming: 1-10V, Casambi.
 - Extra cable length.
- Request more information.

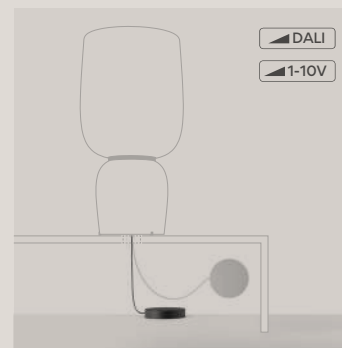

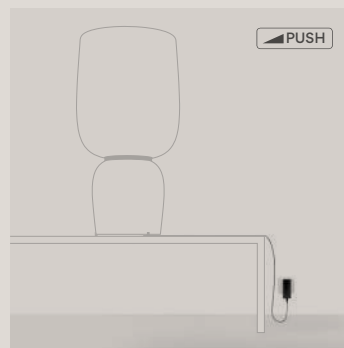

A colour glass diffuser can be placed in the lower glass for an amber or burgundy light effect.

Dimming and installation options

/15: Push-dimming model equipped with two buttons, one for each diffuser. A quick push turns the light on and off, a longer presson dims the light.

The driver of the DALI, 1-10V and Casambi versions is enclosed in a box at the end of the cable.

Arrayed in multiples for maximum visual impact, a group of Ghost pendants commands a space with their glowing, sculptural presence.

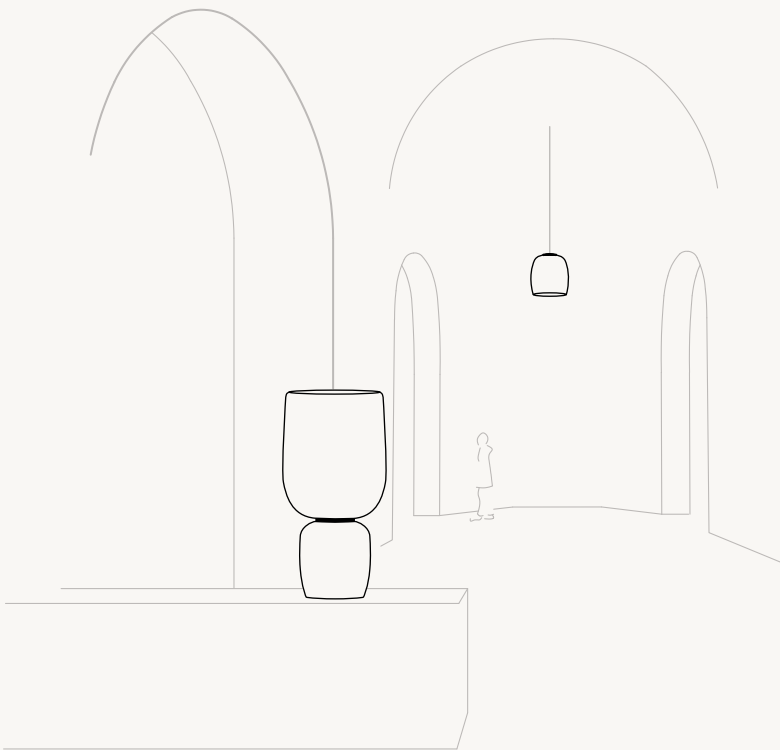

“Ghost is the pure expression of a state of mind, of the immateriality of mouthblown glass that projects a sensuous halo in space. This sensation is enhanced with the Ghost table lamp, a visual sculpture both when the light is on or off. Its double composition creates a family of giant and generous forms whose smooth surface and texture radiate a gentle and warm light. Despite its evanescence, it becomes a kind of companion in the living environment”

Arik Levy.

Evoking a luminous, ethereal presence, the Ghost pendant provides a focal point in any interior. Large in scale, yet elegant in attitude, the delicate luminaire floats overhead from nearly invisible cables. Its distinctive sculptural silhouette appears to descend like a spirit from the sky, suspended low for dramatic effect. Crafted of opal triplex glass that's meticulously mouthblown, Ghost's smooth surface radiates a warm, welcoming ambiance that bathes a space in soft light.
