DISCA

Design by Alberto Nason / 2017

Sometimes a luminous apparition seems to come from elsewhere.
In green, transparent white, milky or transparent lava glass, DISCA expresses itself fully in any defined or virtual place.

Its flashes of light carry its shapes off to infinity, as they spin on themselves in a Venetian vortex or a Viennese Waltz.

Disca S Cristal-fumé blue

Disca S Opal white-white

Disca T Amber-Wengé

Disca green makes light integrate nature, playing with reflection on this special mouth blown glass.
