

Explorer side table

by Jaime hayon

A series of side tables, Explorer 1, 2 and 3 inspired by the playful and what remind one of jelly-beans, rounded sweets that that children eat in the US.

This childlike inspiration has at the same time a very elegant beauty. It's about new shapes, different objects within the market that want to convert into emblematic pieces because these tables are not only functional but sculpturally strong.

Una serie de mesas auxiliares –Explorer 1, 2 y 3– de inspiración juguetona que recuerdan a los jelly-beans, esos caramelos redondeados que comen los niños en EE.UU. Esta inspiración infantil tiene al mismo tiempo una belleza muy elegante. Se trata de formas nuevas, objetos diferentes dentro del mercado que se quieren convertir en piezas emblemáticas, porque estas mesas no solo son funcionales sino esculturalmente fuertes.
