## *Brass Crafting Masters*

Brass handling is the history and foundation of Castro Lighting. The entire production process is made in the brands' own factories in Portugal. Experienced craftsmen work to keep the tradition of brass crafting alive, being our responsibility to inspire and empower future generations to keep the tradition alive.

*"To create a legacy in the history of lighting design."*

# Meet Streamline Collection

Streamline Collection was conceived to be distinctive and stand out for its design, becoming the perfect fit for curated interiors that combine a diversity of styles. **Long gold-plated brass tubes** give the design a whole **exclusive and deluxe look**, setting another level with its distinctive appearance. This recipe of rich materials and sleek lines inspired by art-deco architecture makes the Streamline collection desirable.

*A Serene Living Space  
with a Refined Twist*
