BALL

design | Brian Rasmussen

Keep your face always **toward the sunshine**
and **shadows** will fall **behind you.**

*Tieni il viso rivolto sempre verso il sole
e le ombre cadranno dietro di te.*

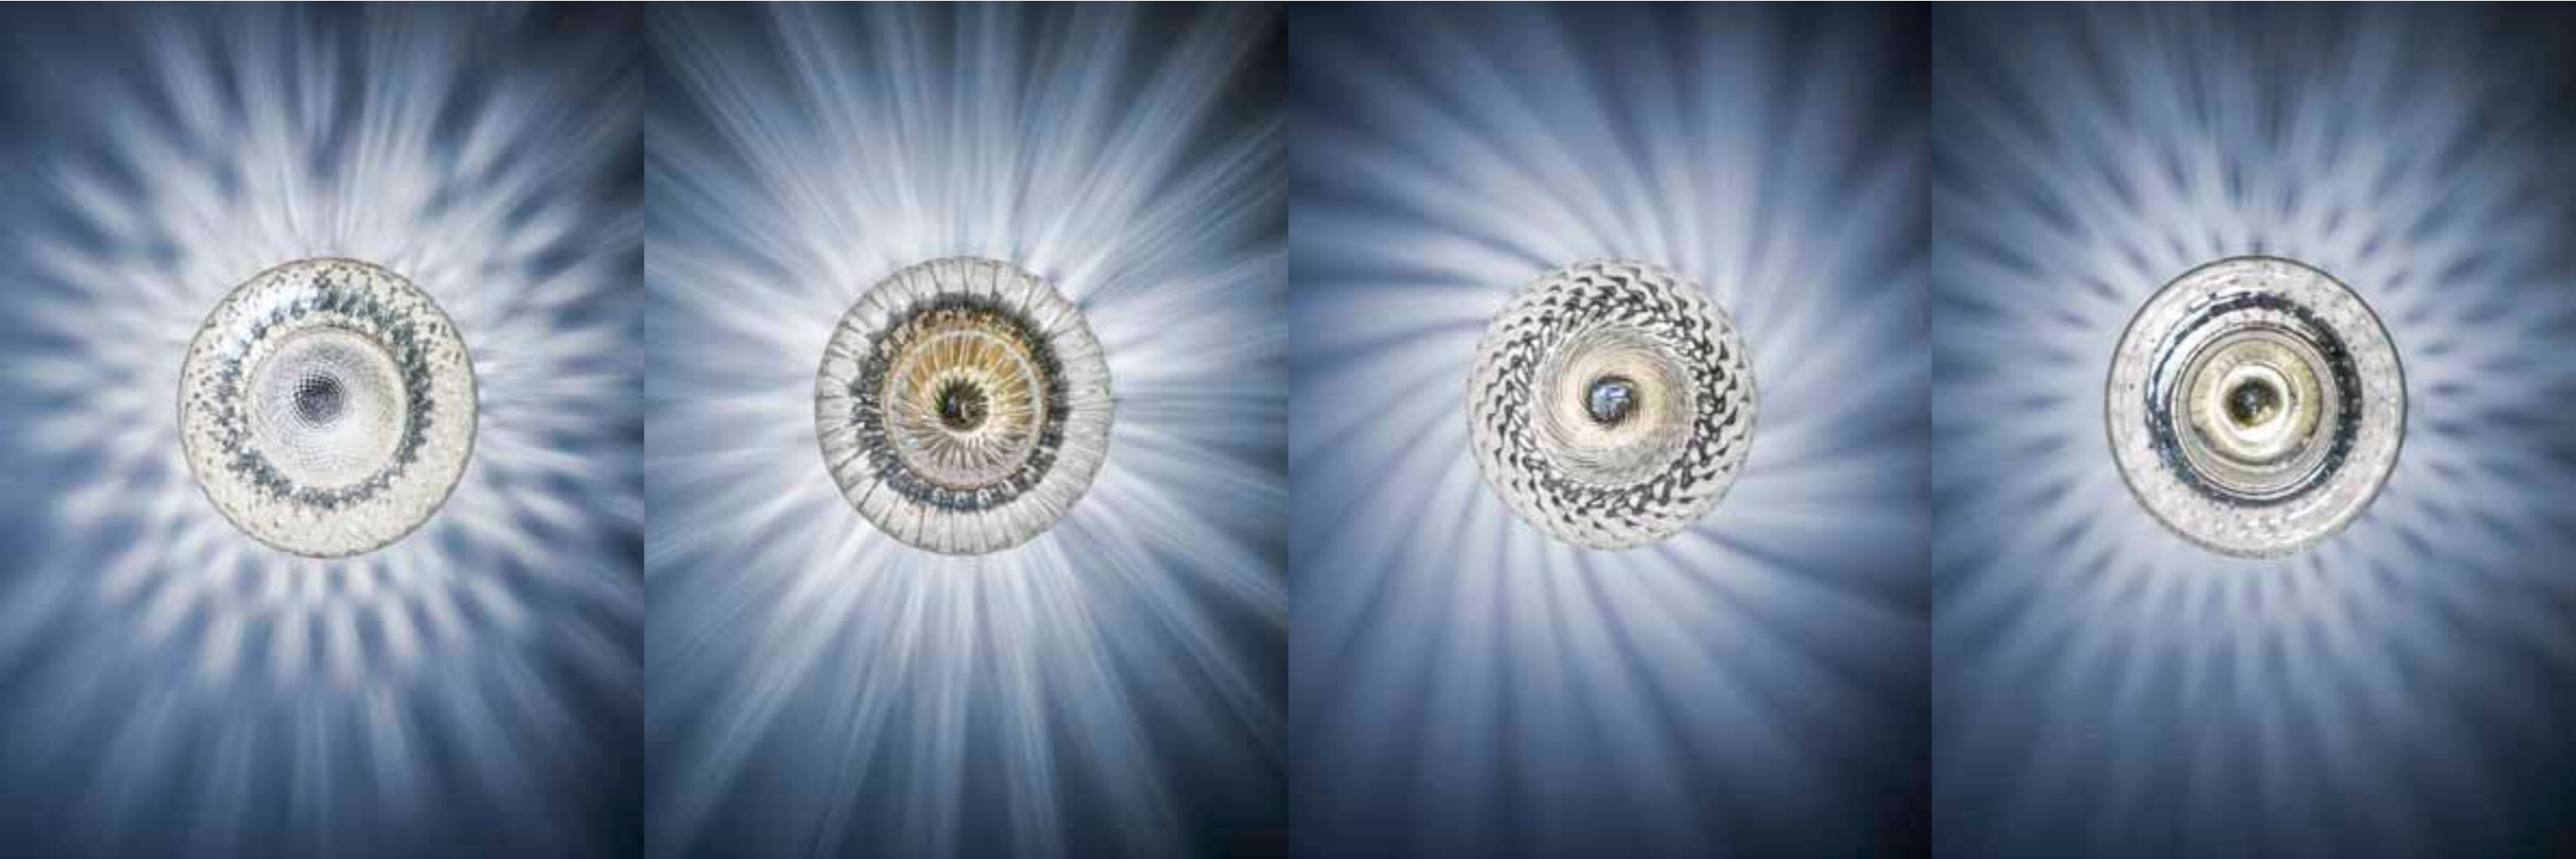

- Walt Whitman -

OGNI LAVORAZIONE **CREA** IL SUO **effetto luminoso**

each technique creates its own luminous effect

Il vetro della collezione BALL è soffiato a bocca da esperti maestri vetrai. Ogni vetro è unico ed è 100% made in Italy.

The glass diffuser of the BALL collection is blown by expert glass masters. Each glass is unique; each glass is 100% Made in Italy.

BALLOTON

Technique used to obtain a particular optical effect. It is based on the use of a metal die, with the inner walls containing small square based pyramidal "spikes" which, when the glass is blown, result in a cross-relief pattern.

Tecnica usata per ottenere un particolare effetto ottico. Si basa sull'uso di uno stampo in metallo contenente all'interno delle punte a piccola piramide a base quadrata che, nella soffiatura, danno un effetto di rilievo incrociato.

RIGADIN

Thin ribbing obtained by blowing a glass object inside an open die, generally in bronze, which has some grooves with a triangular cross-section.

Decoro ottenuto soffiando la pallina in uno stampo, in genere di bronzo, che porta delle scanalature a sezione triangolare. La pèa diventa costolata.

RIGADIN RITORTO

The piece thus becomes ribbed and can also be twisted inside the mold to produce rigadin ritorto (swirl or twisted ribbing).

Se il vetro viene anche ritorto durante la stampigliatura si ottiene il rigadin ritorto.

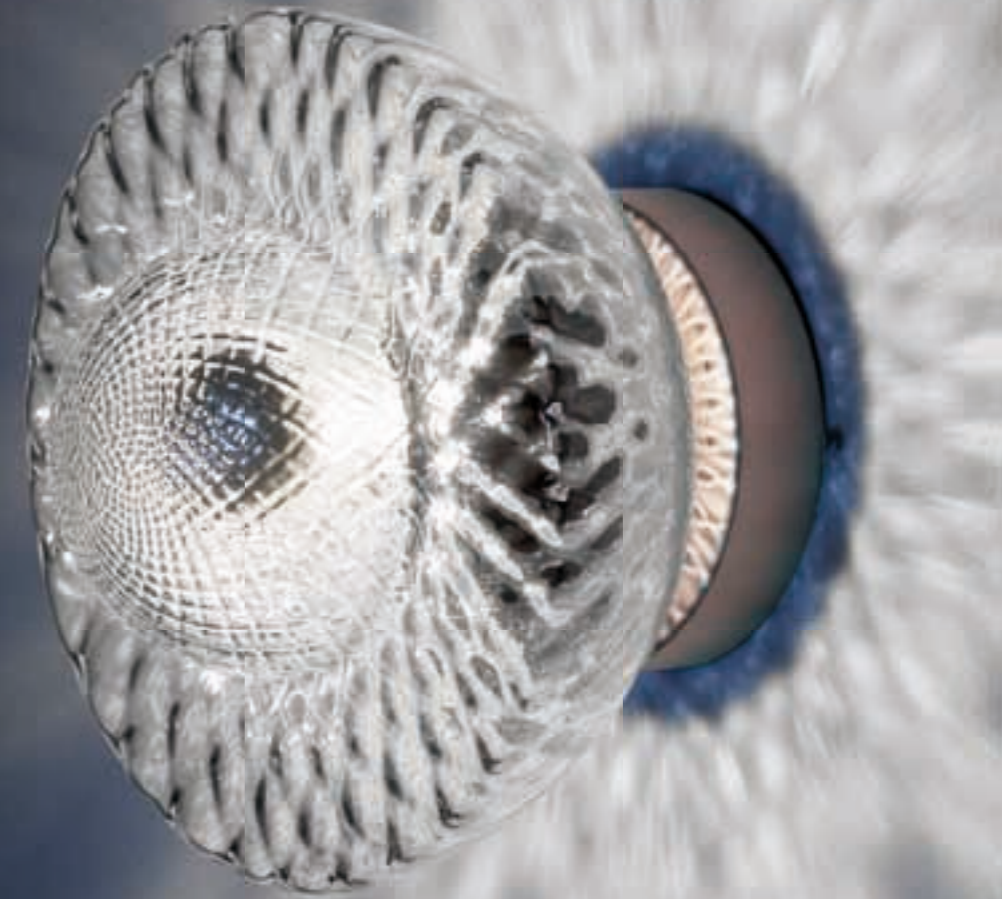

BULLICANTE

By casing a gather (pèa) stamped in this way in a layer (coperta) of glass, an effect is obtained whereby hundreds of tiny air bubbles are trapped between two layers of glass.

Ricoprendo una pèa, stampata a balloton, con una coperta si ottiene l'effetto bullicante o a bolle, consistente in una miriade di piccolissime bolle d'aria rimaste intrappolate tra i due strati di vetro.

**STRUCTURE / MONTATURA**

-  brushed platinum / platino spazzolato
-  brushed gold / oro spazzolato
-  brushed brunished / brunito spazzolato
-  black / nero RAL 9005

GLASS / VETRO

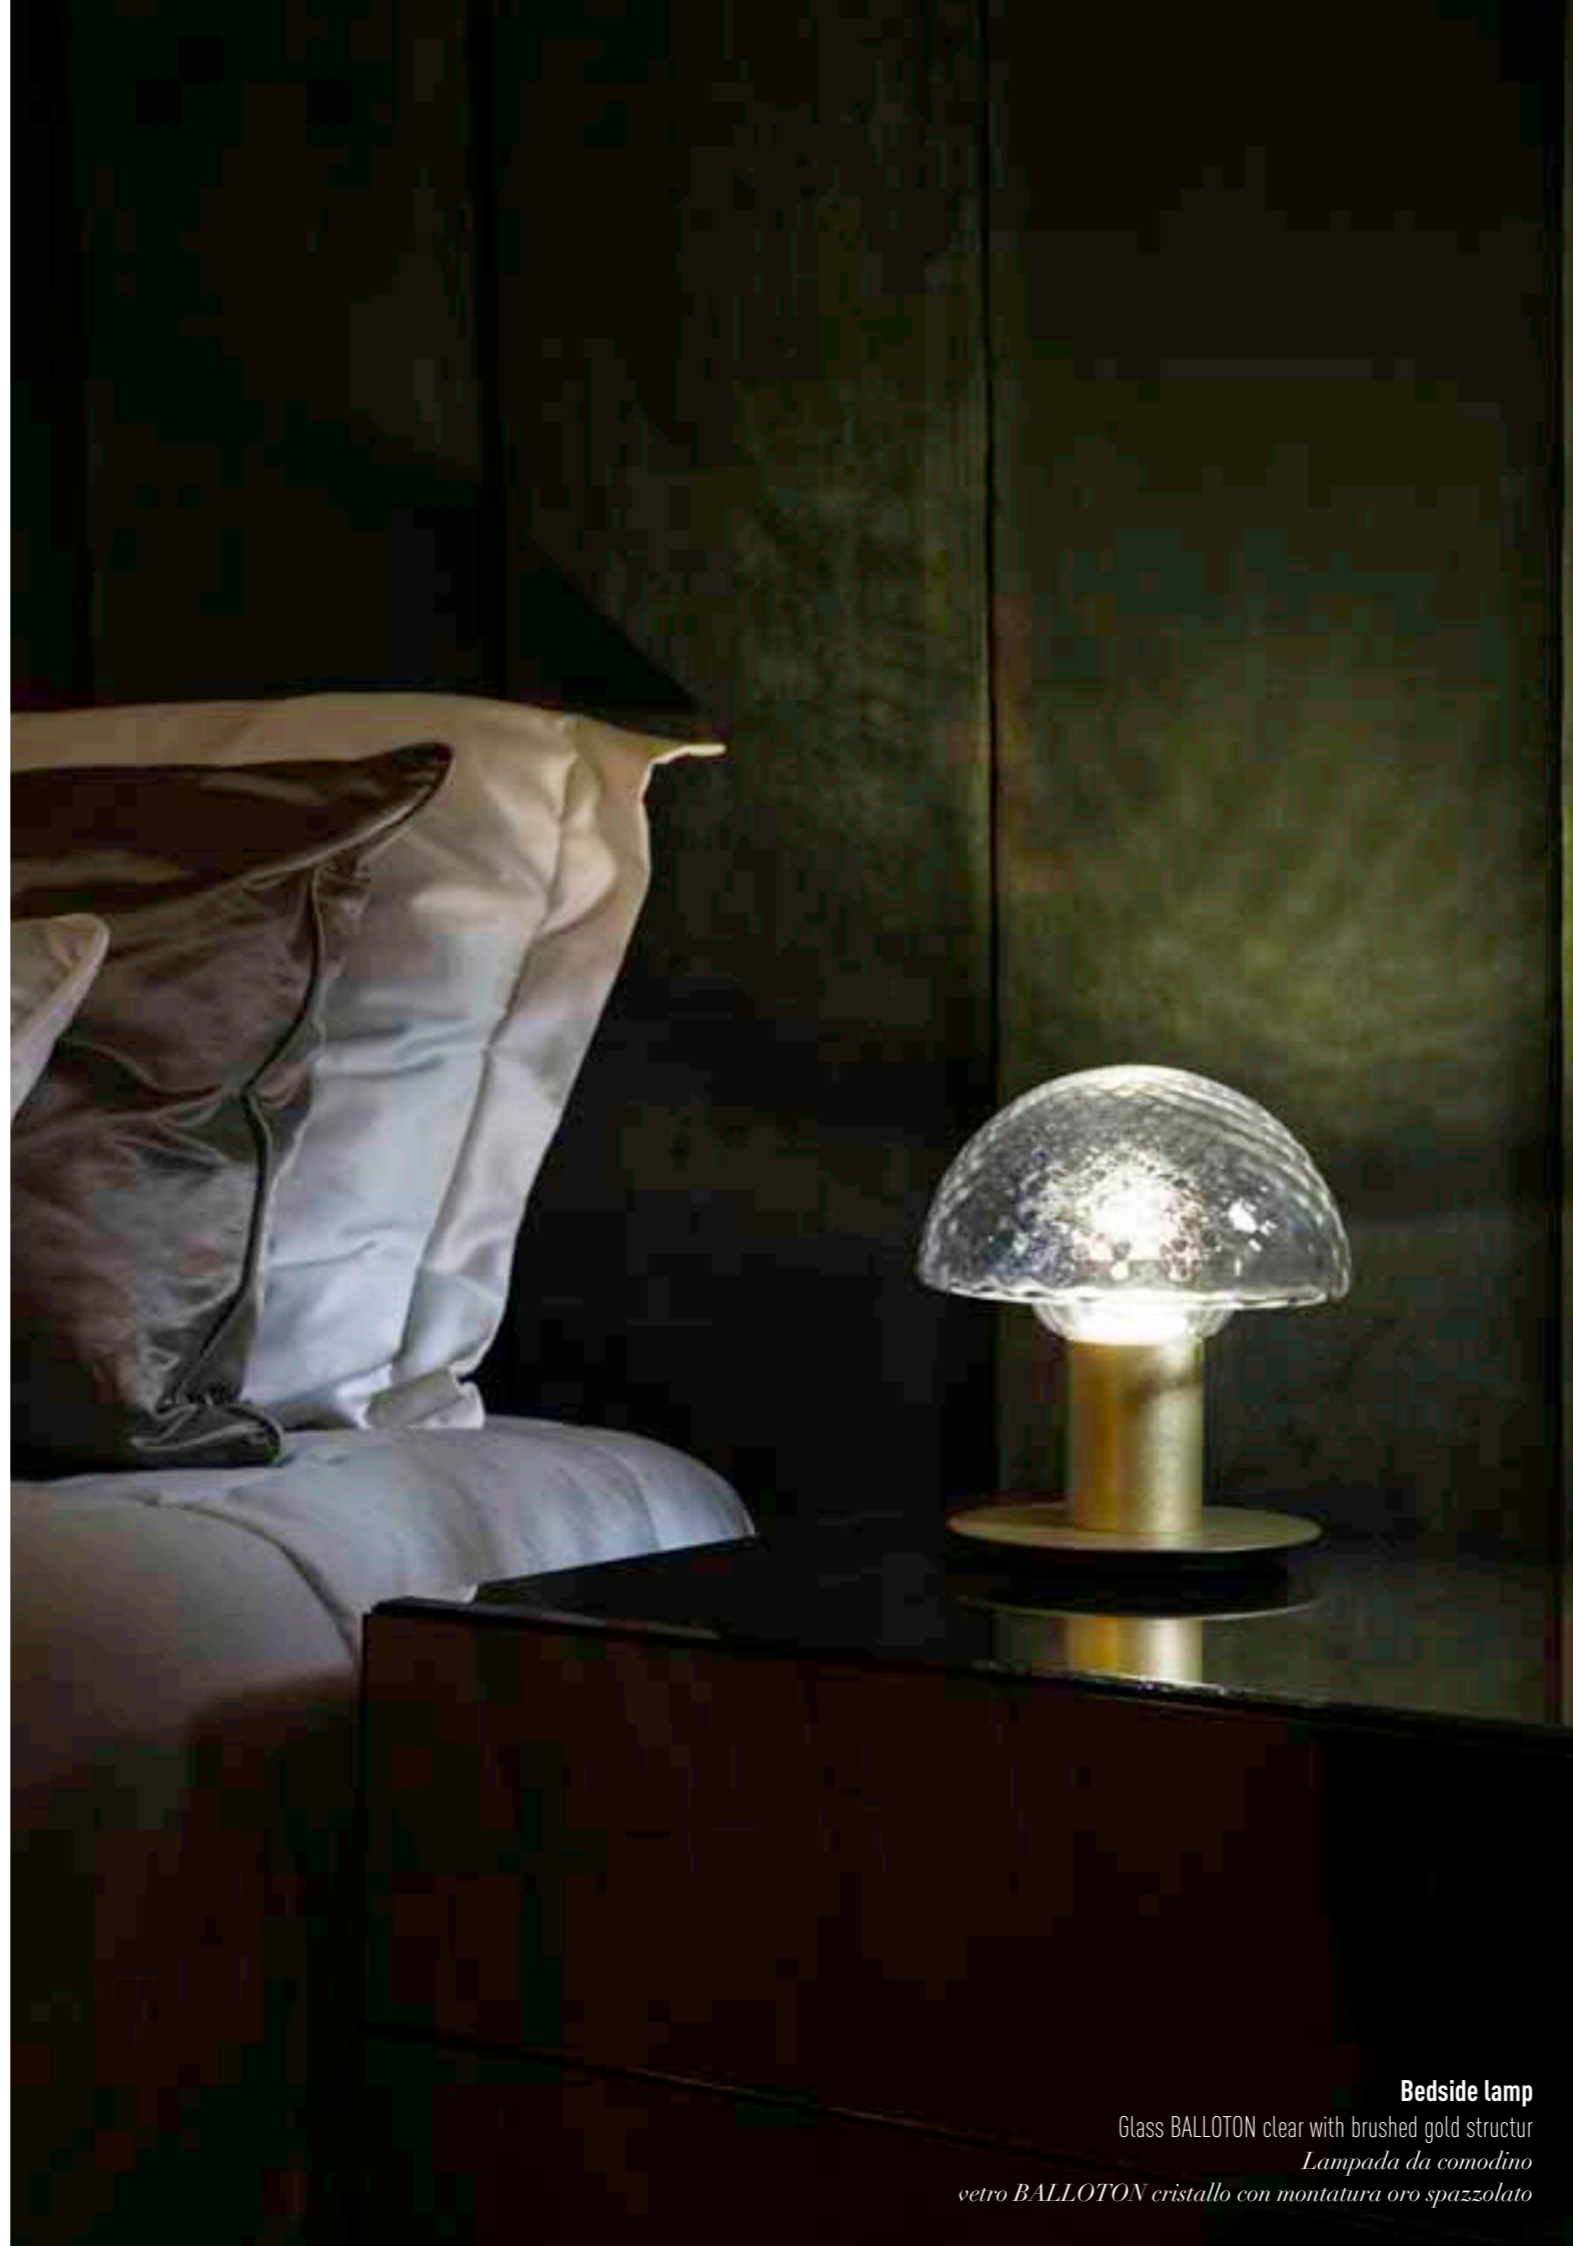

-  white / bianco
-  clear / trasparente

You need to let the **little things** that would ordinarily bore you suddenly **thrill you**.

Lascia che le piccole cose che normalmente ti annoiano, ti emozionino all'improvviso.

- Andy Warhol -
