

ZERO ROUND ACOUSTIC

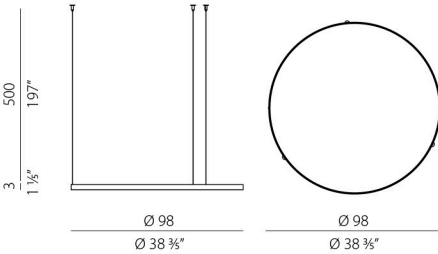

Enzo Panzeri 2020

Pannello fonoassorbente a sospensione in PET con assorbimento acustico di Classe C che riduce fino al 70% del suono riverberato (NRC 0.7) e con classe di reazione al fuoco Classe 1 ISO 9705. La superficie fonoassorbente è inserita nello stesso profilo in alluminio di Zero Round, prestandosi ad originali composizioni di elementi privi di sorgente luminosa (Zero Round Acoustic) e lampade a sospensione (Zero Round e Arena). Bianco, nero, titanio, bronzo e ottone satinato le finiture disponibili. Pannello in PET colore basalto, colori custom a richiesta.

Acoustic PET panel with sound absorption Class C which reduces up to 70% of reverberated sound (NRC0.7) and a Group 1 ISO 9705 fire rating. The sound-absorbing panel is inside the same aluminium profile as Zero Round, useful for compositions of elements without light source (Zero Round Acoustic) and suspension lamps (Zero Round and Arena). White, black, titanium, bronze and mat brass finishes are available. Acoustic PET panel in basalt color, custom colors are available on request.
