Un gioco di forme da vita alla collezione Mikado: sfere e coni si incontrano in una montatura in metallo verniciato nero con dettagli in ottone spazzolato. Un design elegante valorizzato dal vetro opale di forme diverse che rende unico il prodotto stesso, ma soprattutto l'ambiente in cui viene installato.

A game of shapes gives life to the Mikado collection: spheres and cones meet in a black painted metal frame with brushed brass details. An elegant design enhanced by the frosted glass of different shapes that makes the product itself, but above all the room in which it is installed, unique.
