**Name** BIG ONE SMALL

**Type** pendent lamp

**ID** PC1335

**Description** This large-format light with matte core by designer Lucie Koldova embodies a gentle poetry, simplicity, purity, and balanced proportions. A key role is played by the inoculation of luminous bodies and their mutual interaction in space – the light emitted from the smaller glass core flows freely through the atoms of air within the symbolic protective shell of the outer globe, while the sophisticated design of a bubble suspended in a large sphere evokes a sense of levitation. In keeping with the brand's ongoing development of new technologies at the highest levels of quality and innovation, this year the Big One collection has received a technological upgrade in the form of a new LED panel that significantly increases the output of the lights. Enhanced metal components simplify handling. The outer glass features a gloss finish in the following colour options: transparent, smoke grey transparent, and a new smoke brown. The inner glass features a matte finish in the following colour options: triplex opal, smoke grey transparent, red transparent, light pink transparent, and a new smoke brown. The Big One collection is available in two sizes.

**Technical description** The craftsmanship applied in production follows in the centuries-old tradition and experience of master glassmakers. The precision crafting of hand-blown glass instills distinctive, enduring character and outstanding quality in all BROKIS products. The glass shades are formed from multiple layers of molten glass, each of which is scrutinized by the master glassmaker prior to being blown into the mold. Up to 70% of the resulting quality is achieved in this stage of production.
